ClickSafety acquires SPAN International Training, extends workforce safety training leadership

Expanded product portfolio and learning style options enhance ClickSafety's ability to meet professionals' training needs throughout their careers

BURLINGTON, Mass. May 21, 2019 – [ClickSafety](#), a leader in online safety training for construction and general industries, has acquired [SPAN International Training](#), the leading provider of certification exam study materials for safety, health and environmental professionals.

This acquisition strengthens ClickSafety's safety training market leadership with relevant and complementary additions to its product portfolio, expanded training mediums and an enhanced ability to serve as a valuable resource for safety professionals for their entire careers. Daniel J. Snyder, Ed.D, CSP, SPAN owner and CEO, will work as a special advisor to ClickSafety following the acquisition and continue to oversee SPAN Safety workshops.

"We are extremely happy to be joining forces with Dan Snyder and SPAN," said ClickSafety General Manager Ed Moura. "SPAN has a longstanding track record of excellence and shares ClickSafety's commitment to workplace safety. I'm confident that the addition of SPAN's products, resources and capabilities to the ClickSafety portfolio will have a lasting and positive impact on our larger safety community."

ClickSafety will incorporate SPAN's Board of Certified Safety Professionals (BCSP) certification prep courses into its portfolio, complementing its existing suite of OSHA and other online safety training courses. The addition of SPAN's in-person workshops and self-directed study options will enable ClickSafety to meet the needs of more types of learners, serving as a one-stop source for training and certification prep.

"SPAN's alignment with ClickSafety offers a synergy of resources in expert content and learning technology," said Dr. Snyder. "I'm excited about the new venture, and together, we will deliver market-leading materials to assist occupational safety and health professionals prepare for certification exams."
