The entrant and attendant should complete the Hazards of Confined Spaces and Special Requirements Section of the Permit-Confined Space Entry Form once the employee is within the confined space. The entrant should also gather the % Oxygen, % Explosive Gases, Carbon Monoxide, and Hydrogen Sulfide readings and communicate them to the attendant to place on the Permit Form.

**Step 9**
The attendant should maintain constant communication with the entrant until the entrant has exited the confined space.

**Step 10**
The attendant should contact Supervisor once the entrant has exited the confined space.
